

FIG. 1

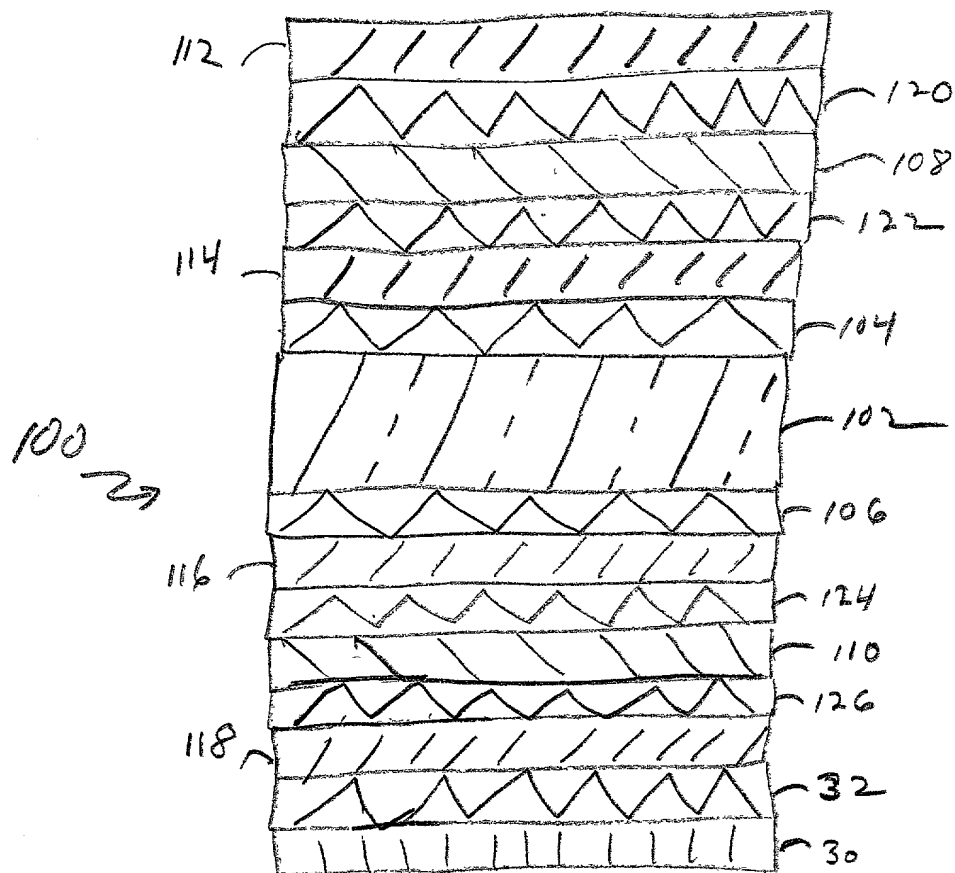

FIG. 1

A cross-sectional view of a multi-layered structure 40. It consists of three main horizontal layers. The top layer is labeled 40 and contains a series of repeating triangular or sawtooth-shaped features. Below this is a middle layer labeled 22, which contains diagonal hatching lines. The bottom layer is labeled 30 and contains diagonal hatching lines. A label 42 points to the right side of the top layer.
